

Worham Primary School Weekly Newsletter

26th January 2024

In school this week...

Hedgehogs have been doing some amazing maths. They have been using what they know already to solve more challenging multiplication sums and finding different ways of representing them. We have continued our work on creating our own Fairy Tale and are now ready to start drafting!

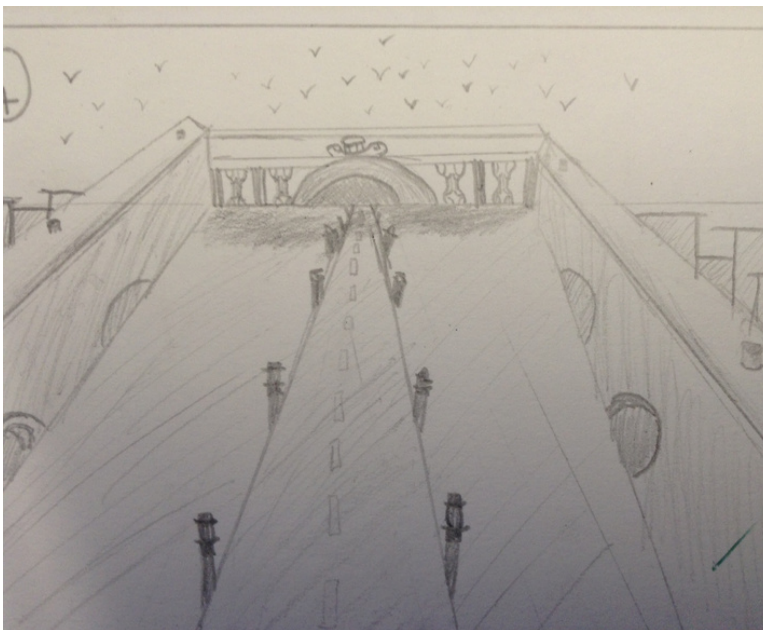

Barn Owls have been learning about resilience in PSHE and thinking about how having a positive attitude can help you overcome disappointment. Great link to our school values Barn Owls! In PE Barn Owls have been learning about symmetrical and asymmetrical balances and different ways of travelling in gymnastics.

Otter class had an exciting start to the week where they took part in a science lesson at Hartismere. Otters have also started their art topic 'Perspective through Landscape' and have been exploring the horizon line and the vanishing point. Have a look at some of their lovely artwork below. In English this week, they have written and performed a speech about the life of Martin Luther King. Great week Otters!

Art Competition

'A View From My Window'

Two weeks left to enter!

Create a piece of artwork, using any media, which demonstrates the view from your window, real, imaginary or one for the future. The artwork must be no bigger than A3.

Winning artwork will be displayed around the school and Mrs Clarke would like some for her office too!

Closing Date: Monday 12th February

Open Gallery: Friday 16th February (after school)

What's on next week?

Tuesday

- James Cambell (Storyteller and author) Workshops. Books for sale after school.

Thursday

- Bumblebee Class - Victorian Day! Parents invited to join from 1.30.
- Hedgehog Class - Trip to West Stow
- Barn Owls - WW2 and dressing up day!
