

# Wortham Primary School Weekly Newsletter

Easter 2024

## A Super Spring Term

We have had a wonderful term at Wortham. There has been an abundance of incredible learning taking place and the children have had many exciting experiences.

I would like to take this opportunity to share our sincere thanks to our parent community for all your continued support. Thank you also to our amazing FoWS who work hard to raise money for the school and have continued to support us in providing many resources and opportunities for all our children.

---

## Annual School Reports

We hope you have all been able to share your child's school report with them; we are immensely proud of all the children and their achievements.

---

## Wrap Around Care

The breakfast and after school clubs have been a huge success this half term. It has been lovely having breakfast with the children; the pains au chocolat have been very popular! The staff running the provision have been amazing; they have played games with the children, helped with homework and have organised lovely activities like sewing, art competitions and Easter craft.

Our wrap around care provision will be continuing so please do book your children onto the clubs via your Arbor account.

# Summer 1 Topics:

Next half term, our 3 week 'block subjects' are design and technology followed by PSHE. Please look out the curriculum overview, from your child's class teacher, which will include information about what your child will be learning and ideas and tips for how you can support your child at home.

The PSHE topic for all our children next term is 'Changing Me' which is our relationships and sex education unit. You may find it useful reading through the topic overviews for your child's year group so you are aware of the objectives and vocabulary they will be learning, these can be found on our website using the following link:
