

Worham Primary School Weekly Newsletter

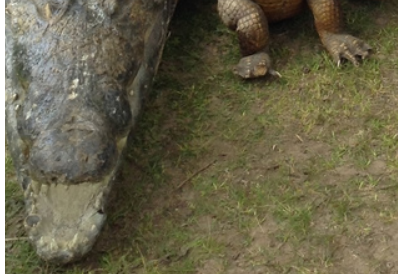

19th April 2024

This Week at Worham...

Suffolk Farm & Country Fair

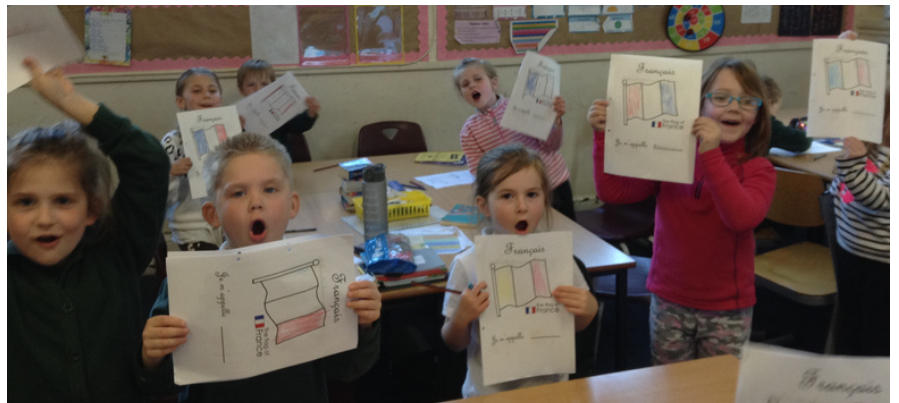

Barn Owls had a great day this week when they went to the Farm and Country Fair held at Trinity Park. The children learnt about growing different produce, the machinery and animals used and even got to pet some! They learnt some useful tips about fire, police and road safety and even got to make their own fingerprint key ring.

Lifetime

Our new Lifetime sessions started this Friday. This half term we have children in Reception listening and learning French songs and stories, Year 1 have Forest School (starting next week), Year 2 and 3 are learning about how to build and maintain positive friendships, Year 4 are food tasting, designing and making their own pizzas, Year 5 have sports and Year 6 are taking part in 'The Fiver Challenge' to help raise money for their end of year trip.

Good Luck!

Good luck to Mrs Widdeson and her son who will both be running the London Marathon on Sunday. We are all very proud of your dedication to prepare for this and to raise awareness of this wonderful charity.

Mrs Widdeson and her son are running for a charity very close to their hearts - Marie Curie. If you haven't already and would like sponsor Mrs Widdeson, then please follow this link:
