

# Wortham Primary School Weekly Newsletter

Friday 7th July 2023

## Parents' Evening

It was wonderful to meet with you this week at parents' evening and to share, with you, your child's achievements.

We also valued the opportunity to review your child's areas for development that were given in their annual spring report and to discuss transition into their next year group or class. We hope that you also found these meetings valuable.

## Rounders Success!

Well done to the children from year 2 - year 6 who took part in the rounders competition this week. Another successful tournament with Wortham taking 2nd place and only just missing out on gold!

## Special Mention!

A special mention this week goes to the children who attended the cricket competition earlier this half term. At a conference this week, Mrs Clarke met a teacher who complimented Wortham Primary School children for their sportsmanship. They were very grateful for how kind and compassionate our children were towards their team who were new to playing cricket and were struggling. This was certainly a proud teacher moment! Well done Team Wortham!

## After school clubs

Reminder - After school clubs have now finished for the summer term and will resume in the week commencing Monday 11th September. There will be a letter coming out the first day back with further details.

## Sports Day Key Information:

- Arrive at 1pm
- Entrance & Leave via side gate to sign in / out
- Children dismissed as usual at 3.15pm from gates
- Please bring chairs and blankets
- No photos or videoing
- Children to have water bottle
- Sun cream applied before school and bring a sunhat if it's hot.

## Musical Bumblebees!

For their music topic this half term, Bumblebees have been learning all about different genres of music which have included Latin, Funk, Bhangra, Folk and Blues! This week they have been learning to sing and play the song 'In the Groove'.

## Scientists

Hedgehogs have been learning all about sound for their science topic. This week, they carried out their own science experiment outside to explore how sounds change when you move further away from the source.

## Wilder Schools

This week, the team from Suffolk Wildlife Trust have been back to work with Barn Owl class. This week they were investigating the wildlife found within our school grounds and classifying plants using keys.

## What's on next week?

Tuesday 11th July - Barn Owls & Otters Evening Performance

Wednesday 12th July - Sports Day

Thursday 13th July - Barn Owls & Otters  
Afternoon & Evening Performance

Friday 14th July - FoWS Summer Party!
